

7 bedroom Villa for sale in Javea

€650,000

Reference: CC3167

Key Features

- 7 bedrooms
- 5 bathrooms
- 392 m² build
- 1920 m² plot
- Swimming Pool: Private

Description

On a south facing plot in the desirable area of Balcon al Mar is this traditional style spacious 7 bedroom property with sea views from the two upper floors. Partially reformed with central heating, summer kitchen, double garage and separate apartment.

The corner plot boasts beautifully landscaped gardens featuring many typical Mediterranean plants, trees and palms with lovely manicured lawns surrounding the large pool and poolside terrace.

The villa itself is mostly in original condition, though 3 bedrooms and 2 bathrooms have been tastefully modernized in a contemporary style. There is huge potential to complete the rest of the property in the same design making the villa a

wonderful investment opportunity. There are two garages plus a large room adjacent to the pool where separate guest accommodation could be developed, either interlinked or as two separate independent accommodations. There are many options in which to distribute the villa depending on the specific requirements of each client.

This villa really requires to be seen for the potential to be truly appreciated.
